RE: 09/583,336 William Reeves

Dear Ms Luu,

6/3/03

Per our telcom today attached please find the front and back of canceled check 2089 dated 1/12/03 and clearly marked for time extension of 09/583,336.

This appears to be the check I was referencing in my 1/27/03 letter to Examiner Kalinowski which you had questioned in your e-mail to me last week.

I was under the assumption that the old fee schedule for a two month extension (five month total- 3 free plus two paid) which is in question here is \$200.00. If this is the case then isn't the \$200.00 payment sufficient to satisfy the law and allow this patent to not be abandoned?? It appears that a five month extension would have satisfied the requirement for filing the reply by 11/21/02 (three free months plus 2 paid months)??

Please advise.

Sincerely,

William Reeves, inventor
